

Disposal and Write off Policy

Issued: January 2017

Date of Review: January 2020

Headteacher: Russell Leigh

Chair of Governors Gary Lester

Purpose of the Policy

1. To set out a clear procedure for the writing off and (when appropriate) the sale of stock and for the writing off of debt to the school.
2. To satisfy the requirements of internal audit and to protect the interests of staff and members of the governing body by supporting decisions made concerning the disposal of assets.

Who Can Authorise a Disposal or Write Off

1. The Head teacher can authorise the writing off of a debt and the writing off, sale or part exchange of an item of stock, provided that the debt or item is valued (in his/her reasonable estimation) at £50 or less.
2. In the event that the debt or item identified for disposal has a value in excess of £50 the authority of two governors who are members of the Resources Committee must be obtained.
3. If the debt is more than £10000 or the item for disposal is valued in excess of £10000 then the additional written authority of the ACE&CFO and approval of the Cabinet. Subject to the written approval of the ACE&CFO, the Director for Children, Young People & Families is required

Writing Off Debt

1. A debt may be written off when two demands for payment have been made, in writing to the debtor by the Head teacher or Chair of Governors and it is believed by the Headteacher that there is no reasonable prospect of payment without recourse to law.

Writing Off Stock

1. An item of stock can be written off (that is disposed of without income) where the item is considered to be beyond repair or has no saleable value.
2. A record of the disposal must be kept in the Disposals Book indicating why the item was not sold and how it was disposed of.

Sale of Stock

1. If an item of stock is surplus to requirements or is obsolete but is considered to have a saleable value it should be sold if possible.
2. Small items under the value of £50 can be sold at the Head teacher's discretion.
3. Large items (those estimated to have a value over £50) will need to be formally valued before sale. The governors dealing with the disposal shall fix a sale price taking into account the replacement cost, condition and saleability of the item. When dealing with an item of specialised equipment e.g. computers, reprographic machines or musical instruments a written valuation from an outside agency should be obtained.
4. Large items should be advertised for sale. The method of advertisement shall be at the governor's discretion. The school notice board, L.E.A. bulletin, newsletter to parents and local press are acceptable forms of advertisement.

5. Stock can be purchased by members of staff or by members of the governing body provided that they have had no involvement in fixing the sale price of the item. If more than one prospective purchaser comes forward the item will be dealt with on a first come first served basis.
6. A receipt should be signed on sale by the purchaser and on behalf of the Head teacher.
7. A record of the sale must be kept in the Disposals Book.

What Happens To The Proceeds Of Sale

1. Wherever possible the proceeds of the sale of stock shall be returned to the account that originally funded the purchase of the item e.g. equipment books and furniture code in school delegated budget, standards fund or school fund.
2. If there is no record of the original purchase then in default the proceeds will be applied to the equipment books and furniture code of the school budget.
3. This requirement does not apply when an item is used to secure a credit value in part exchange for the purchase of new equipment

The Paperwork on Writing Off or Sale

2. The receipt must be signed by the Head teacher or other member of staff authorised by him/her to issue the receipt.
3. A copy of the receipt signed on sale should be retained in the Disposals Book

Disposals Book

1. When an item is disposed of by sale or part exchange or is written off without income a record of the disposal will be recorded in the School's Disposals Book.
2. The record shall include a description of the item, the method of disposal and where relevant, information about the valuation, advertisement and sale of the item.
3. The record will be signed by the Head teacher or by his/her authorised officer on her behalf.

Data Protection and Environmental Legislation

1. All items that contain data relevant to the School/Staff/Pupils (IT equipment/Paperwork for shredding), should be, where applicable and reasonable/practicable, wiped/deleted before the sale or destruction of that item.
2. Any company/contractor/individual removing these items 'Must' provide a safe/secure service, with the relevant Security/Environmental Protection and demonstrate the applicable certification (Environment Agency – Certificate of
