

English

Could you create an advert for a chocolate bar? This could be on PowerPoint, by video or a large poster.

Could you create a piece of persuasive writing asking a company to manufacture your new idea for a chocolate bar?

For more directed work there are weekly learning packs according to year group on www.hamiltontrust.co.uk where you can complete a task each day.

What new exciting books have you been reading? Are there any that you could recommend?

- David Walliams has now put free audio books on his website if you would like to hear a story.
- <https://chatterpack.net/blogs/blog/resources-list-for-home-learning> is a fantastic mixed resource which includes many excellent free audio book websites.

<https://www.lovereading4kids.co.uk/kids-zone/>

- **The Book Trust** has a great range of things to offer too: <https://www.booktrust.org.uk/>
- **Oxford Owl** has a good range of resources: <https://home.oxfordowl.co.uk/>

Mathematics

This term's Topics: Geometry, area and perimeter and converting units of measurement. For a good overview on these topics BBC primary bitesize is the best place to start. 'Twinkl' website has some good explanation PowerPoints and simple worksheets.

If you want straightforward 'maths sheets linked to these topics www.primaryresources.co.uk is an excellent source.

<https://whiterosemaths.com/homelearning/year-6> has lots of activity sheets linked to this topic. With online lessons, worksheets and answers. Year 5 has other maths topics.

www.hamilton-trust.org has free maths learning blocks. The year 6 blocks are more closely linked to these topics.

Keep your times tables fluent with BBC Supermovers. If you go to www.twinkl.co.uk/offer and enter the code UKTWINKLHELPS you will let lots of free maths resources.

Science Animals including Humans

Overview: Can you describe the changes as humans develop to old age? Are you able to identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood. Could you discuss the impact of diet, exercise, drugs and lifestyle on the way our bodies function?

- www.hamiltontrust.co.uk have freed up their science planning for this topic. If you click on science and then mixed year groups 5/6 you will see the topic come up. There are lots of pages of information and tasks to complete.
- Look at BBC Bitesize ks2 science. There are lots of good resources on this site.
- hello@email.stem.org.uk This is a fantastic website full of lots of short clips on different science topics.
- www.outstandingsscience.co.uk The year 5 and 6 tabs have some free activities to download.

Owl Class - Summer Term 2020

Chocolate

Games

Try and get out for a walk once a day and look for the beautiful signs of spring.

Watch Joe Wicks on You Tube for free each morning. Also BBC Supermovers is great for exercising while learning!

Music: Could you try and listen to different genres of music? Scala radio is a good station for this. Or for more interactive activities go to BBC Primary School Music.

Topic

Our exciting topic this term is the world of chocolate! Could you find out about the history of chocolate and why it has become so popular?

Take a virtual tour of Cadbury's World by going to their website. By going onto their 'school visits' pages there are lots of facts under the 'resources' heading.

By looking at these facts could they help you to research the history of the Aztecs in Mexico?

Who in their society ate and drank chocolate and why was so important to them? Could you find out who Hernan Cortez and Montezuma were?

Geography: Looking at BBC Bitesize and further research, could you find out interesting facts about the continent of South America. What languages do they speak?

Art and Design: Could you design your own chocolate wrapper? Have a look at the Cadbury World website for ideas and information on advertising. Look at the internet for examples. Try and make a wrapper in 3D. I would love to see some of your examples!

Do have a look at the geometric shapes of Aztec and Mayan art and temples. Could you create your own Aztec mask? This could be decorated with feathers or mosaics.

RE

What do you know about the Christian festival of Easter?

How do they celebrate Easter in other countries around the world?
